

I am writing to vehemently request that you do not make any changes or overturn the New Jersey "do not call" law in any way. I have been plagued by telemarketers in the past and it is extremely annoying to constantly get these calls at all hours of the day, early morning, dinner time, weekends, etc. The telemarketers are crying about their rights to call people however the public has rights as well and should be able to decide whether or not they wish to be BOTHERED by telemarketing calls.
